

Kinderlift....the #1 safety ski school vest in the world. Keep the kids safe when they're learning to ski and ride.

Get a grip...on your kids

2024 - 2025

SKI RESORT CATALOG

WELCOME TO THE 2024 – 2025 CATALOG!

For over 25 years, Kinderlift has made the best performance kid's safety ski school vest in the world. We are constantly researching new designs and products to bring you the latest in technology, comfort and safety...to help you keep the little ones safe while they're on your slopes.

We started with the original Kinderlift vest and today we make over thirty different products for the ski and outdoor rec. industries. All our products are proudly made in Denver, Colorado, USA.

To all of you: ski resorts, instructors, parents and most importantly the kids, we say thank you. Without your support we wouldn't be the company we are today. We have a passion for keeping kids safe when they're learning to ski or ride.

Randy

Randy Burklund
Owner & Head Mogul

Note: as you look through the catalog and don't see what you're looking for, give me a call or drop me an email—we can probably make it for you.

SAFETY SKI SCHOOL VESTS

Kinderlift makes two types of kids' ski school vests: (1) the dye sublimated vest and (2) the solid color vest. The vests are the same: same design, types of fabric, price and options; the only difference is we can dye sublimates any design on the custom vest vs. we can only embroider a logo on the front of the solid color fabrics.

Since the introduction of the dye sub vests in 2012, most customers choose this option. There is more flexibility when it comes to designing the vests, the ski school directors, instructors or marketing departments at the ski resort can create some cool and fun designs.

All vests offer:

- Nylon or polyester fabrics
 - Black nylon lining
 - Kinderlift's signature back strap = customizable color
 - Sizes: XXS, XS, S, M, L, XL, XXL
 - Machine wash and dry (wash in cold or warm water; dry on low heat)
- Clear vinyl front pocket (sized to fit your name / progress card)
 - Pocket for Flaik transmitter
 - Pocket for lift pass
 - Adjustable front belt or side cinches to snug up the vest

Note: For solid color vests, your logo is embroidered on the front and included in the base price.

SAFETY SKI SCHOOL VESTS

Dye Sub Vest

The dye sub ski school vest can have any unique design created by our design team, the ski school or the marketing department at the ski resort.

- Dye sublimates both the front and back of vest
- Kinderlift's signature back strap = customizable color
- Sizes: XXS, XS, S, M, L, XL, XXL

Vest Options

Backstrap options: Custom design

SKI SCHOOL VESTS

Backstrap options: Covers

Changing the color of the backstrap is as simple as putting a cover over the existing strap on your Kinderlift vest.

- Many ski schools use the backstrap colors to group kids in ski school classes. The different colors can indicate different ability levels and/or a different instructor.
- Simply wraps around and Velcro over the existing backstrap
- Easy to put on and take off
- Any color or design is possible

SAFETY SKI SCHOOL VESTS

Vest Measurements

	Chest (measured from the bottom of arm hole)		Length (measured on the back, from top to bottom of vest)	
	Inches	CM	Inches	CM
XXS Ages 2 – 3	27"	68.6 CM	14 "	35.6 CM
XS Ages 4 - 5	30"	76.2 CM	14 ½ "	36.8 CM
S Ages 5 - 6	33 ½ "	85.1 CM	14 ¾ "	37.5 CM
M Ages 7 - 8	37 ¾ "	95.9 CM	16 ½ "	41.9 CM
L Ages 8 - 9	41 ½ "	105.4 CM	17 "	43.2 CM
XL Ages 9 – 10	45 ½ "	115.6 CM	17 ½ "	44.4 CM

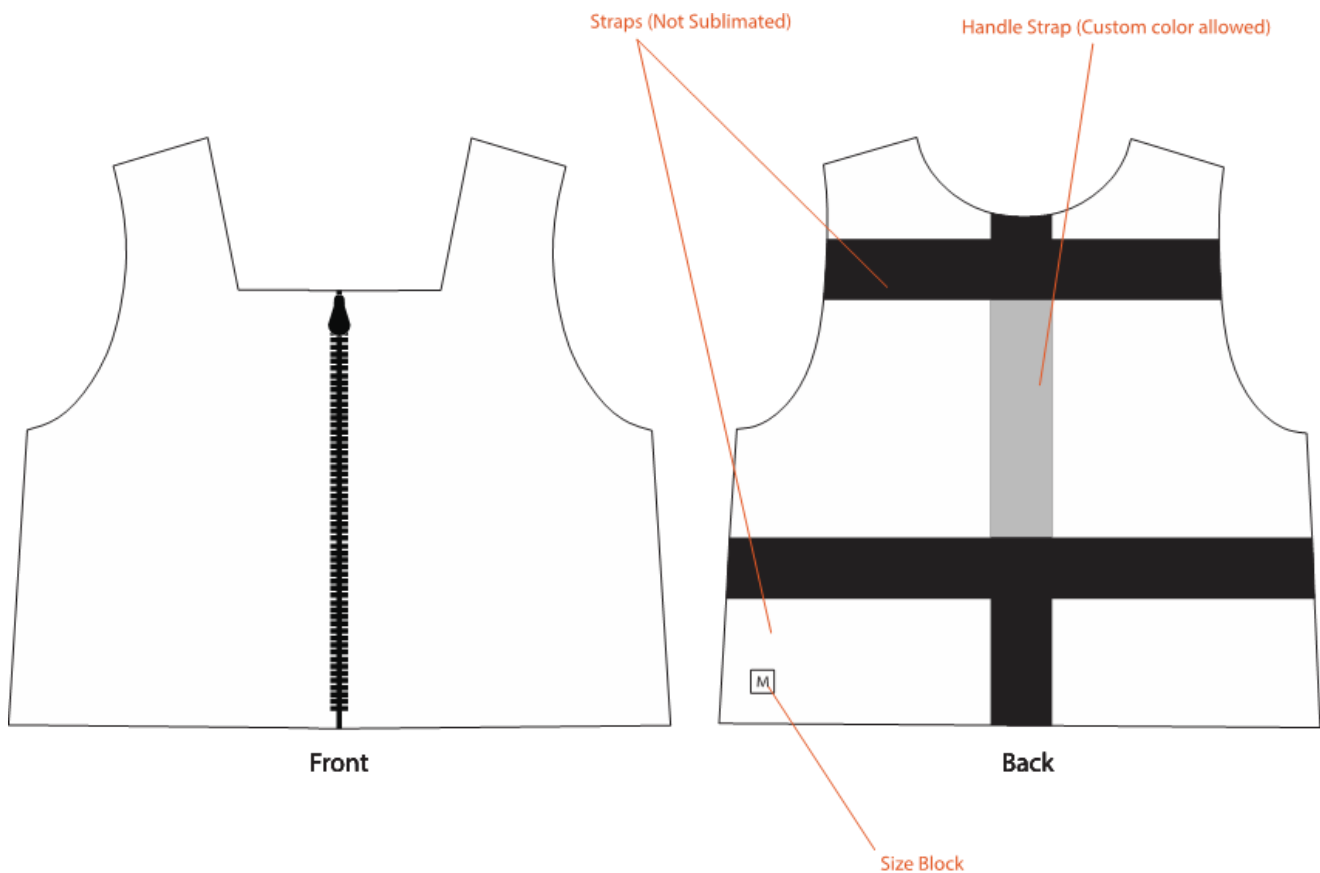

Note: The best way to determine size is to measure around the chest, with all of your child's ski clothes on. The Kinderlift vest is designed and sized to fit over a child's ski jacket or ski suit (some are fluffy while others may be baggy).

SAFETY

SKI SCHOOL VESTS

The Dye Sublimation Design process allows freedom to create a vest from an idea, sketch, photo, clipart, hand-drawn concept...we can probably make it.

Step 1: We send you a blank template to use, play around with and design your ideas. The design template includes the fabric pieces required on a vest (i.e., backstrap, sizing).

SAFETY SKI SCHOOL VESTS

The Dye Sublimation Design process allows freedom to create a vest from an idea, sketch, photo, clipart, hand-drawn concept...we can probably make it.

Step 2: The next step is thinking up concepts whether its from an idea, a rough sketch, photo, clipart, hand-drawn on a napkin...whatever the vision, we can probably design it.

Example: Saddleback Mountain, a ski resort in Maine, sent a clipart image along with their brand colors. They wanted the ski vest to look like a fishing vest.

below, incorporating our brand colors.

Dark Brown

#3D3628

Light Brown

#6E644D

Base Brown

#DBD8D2

Dark Green

#286143

Ligth Green

#A9C0B4

SAFETY

SKI SCHOOL VESTS

Step 3: There are design options created from the concept, taking into consideration any pockets, name tags, backstrap, etc. that need to be considered in the layout and design.

Example: Saddleback final concepts to include a clear pocket for a name tag insert.

Step 4: Once the design is approved, sizing and quantity is the last step before printing, pressing and sewing.

Example: Saddleback final vests.

SAFETY

Dye Sub Process

SKI SCHOOL VESTS

Step 4: **Print.** The design is printed on transfer paper.

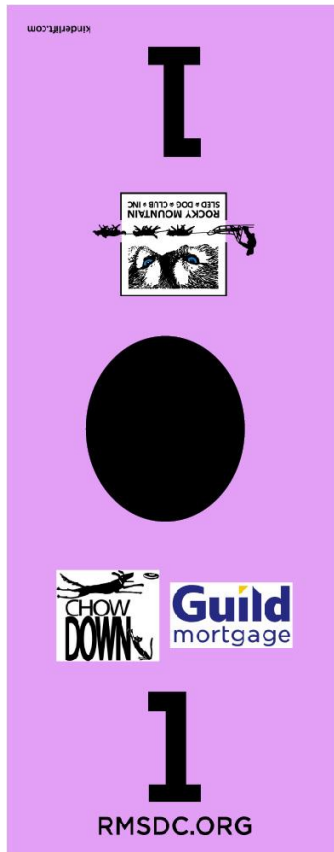

Step 4: **Press.** The design is pressed into white pieces of fabric using a 407-degree heat press.

Step 4: **Sew.** The pieces are sent out for sewing; all produced in Denver.

SAFETY SKI SCHOOL BIBS

Dye Sub Bib

Kinderlift makes the old reliable bib that's been used by resorts for years...rectangular fabric with hole in the middle to fit over your head...and ties on the sides. But we jazz them up as we dye sublimates the design in the fabric. If you can think of a design for the front and back, we can make it for you.

Adult bibs designed for the ski instructor – so the kids can easily find and see their instructor.

Size: 42" long x 16" wide

Kid bibs – so you can easily see the kids in your ski school classes

Sizes: S 29" long x 11" wide
M 32" long x 12" wide
L 35" long x 13" wide

All bibs offer:

- Polyester fabric with dye sublimated designs and colors
- Black trim
- Machine wash and dry (wash in cold or warm water; dry on low heat)

Options:

- Clear vinyl front pocket (sized to fit your name / progress card)
- Bibs either have elastic and Velcro on the sides to keep them closed or we can also use stretchy straps
- We can also cut one shoulder and use Velcro to close so you don't need to take off helmet to put the bib on.

SAFETY SKI SCHOOL BIBS

Examples: Adult bib and Kids bib

Adult bib

Kids bib

SAFETY

SKI SCHOOL SINGLE LAYER VESTS

Single Layer
Vest

The Single Layer vest has no backstrap or other safety features on the vest. It can be dye sublimated with any logo or design of your choice.

SAFETY

Adult Adaptive
Bib

SKI SCHOOL ADULT ADAPTIVE BIBS

Kinderlift designs Adaptive Bibs for a skier, guide or instructor. The adjustable mesh bib is made from polyester fabric which allows air to flow through the bib, so it doesn't billow out like a big balloon.

We dye sub these any color, design, lettering, logos. Examples: Guide, Blind Skier, Instructor, Hearing Impaired

All Adaptive Mesh Bibs:

- Polyester fabric with dye sublimated designs and colors
- Velcro adjustment on shoulders and waist
- Long version: hits at the waist
- Short version: hits about 6" higher allowing easy access to ski jacket pockets, won't interfere if wearing a belt to tether a skier in front
- Machine wash and dry (wash in cold or warm water; dry on low heat)

SAFETY

SKI SCHOOL STRETCH ARM BANDS

Stretch Arm
Band

The 4-way Stretch Spandex Arm Band starts with a white fabric that can be dye sublimated with any logo, design, colors...if you think it, we can print and sew it out.

The Arm Band is available in 3 sizes for kids and adults:

Sizes:	S	5" tall x 10" around
	M	5" tall x 13" around
	L	5" tall x 15" around

SAFETY

SKI SCHOOL LEG/ARM BANDS

The Kinderlift Leg Band works like a blood pressure cuff, without being too tight. Since the band is dye sublimated on white fabric, any custom logo, design, colors or lettering is possible. The fabric is made from 600 D Polyester fabric, the same as the vests.

The Leg Band come in three different sizes:

Sizes:	S	5" tall x 20" long
	M	5" tall x 22" long
	L	5" tall x 23.5" long

All bands offer:

- Polyester fabric with dye sublimated designs and colors
- Machine wash and dry (wash in cold or warm water; dry on low heat)
- Adjustable black Velcro keeps leg band closed and tight
- Loop added to easily pull the band off the leg

Options:

- Clear vinyl front pocket (sized to fit your name / progress card) at the end of the band

NOTE: Ski resorts are using these as a leg band (fits right above the ski boot), and also as an arm band

SKI SCHOOL EPI PEN POCKETS

Kinderlift's EPI Pen Pockets designed for when a person kid needs to carry emergency medicine with them on the ski slopes.

The Pockets offer:

- Dye sub fabric with your logo, design and colors
 - Made of the same 600 D poly as the vests
 - Lanyard is adjustable and is break away; Velcro easily releases
 - Back pocket can hold a card and/or written instructions
- Available in Two Sizes:
 - Regular size = Holds 1 EPI Pen, Inhaler or other necessary emergency medicine; specs: 5" wide x 8" long
 - Large size = Can hold more emergency items; specs: 6" wide x 10" long

SAFETY

Smart Phone/
Ticket Pocket

SKI SCHOOL SMART PHONE/ TICKET POCKETS

Imagine this: You're riding the ski lift, you've got your gloves off and tucked under one arm, your ski poles under the other arm. You're checking messages on your smartphone and...OH NO!! You just dropped your phone. Get a grip--on your smartphone.

Originally designed for the ski industry, this pocket is ideal for festivals, outdoor activities like hiking, traveling...anytime you need your phone close at hand and safely secured.

The Smart Phone/Ticket Pocket is made out of polyester fabric with an adjustable lanyard that fits around the neck and sits securely inside a jacket or coat. You can use the phone when it's in the pocket. There is a clear front pocket for the phone along with a back pocket for contact info or a ski ticket.

The Pocket can be customized with a logo or design that meets your needs.

SAFETY

SKI SCHOOL STRETCH RACE BIBS

Stretch Race
Bib

Stretch Bibs are made of 4-way stretch poly/spandex. One size fits all, kids to adults. It can be custom dye sublimated allowing freedom to design anything on the bib.

Do you have a race event? Kinderlift can make some cool, stretch bibs.

SAFETY

SKI SCHOOL

ADULT VOLUNTEER

VESTS

The Volunteer vest is custom dye sublimated with a logo, lettering, color or design. This vest was initially made for the NSCD in Winter Park who wanted something for the volunteers to wear that's more affordable than a ski jacket and pants.

- Large front flap pockets
- Clear name tag pocket on front
- Fanny pack type back pocket with zippers
- Side cinches
- Sizes: XS, S, M, L, XL, XXL

SAFETY

SKI SCHOOL LEARNING MATS

Kinderlift offers Ski Learning Mats to help the little ones see where to position their skis before they get on the slopes.

Do instructors say things like “walk like a duck” or “make a pie” or “sidestep” up the hill? To help reinforce the instructors’ directions, kids can walk and slide on a mat and put their skis in the same positions as shown on the ski learning mat.

Ski Learning Mats come in several layouts; pick the one or ones that fit your vision.

Customize the mat

Color: select the color of the body and trim

Logos and Lettering: The ski resort or program logo

Size of Mats: 3 x 12, 3 x 15 feet or 4 x 20 feet

Mats made of mesh fabric, and we print design on the fabric – same fabric used for tennis backstops and construction building wraps.

Mesh enables some snow to push thru and snow and water to easily drain out when rolling up the mat at the end of the day.

Grommets on the edges to stake the mat to the snow, and we provide you with steel stakes.

Velcro on the edges to hold the mat on carpet when used indoors.

SAFETY

Fence/ Banner

SKI RESORT FENCES/BANNERS

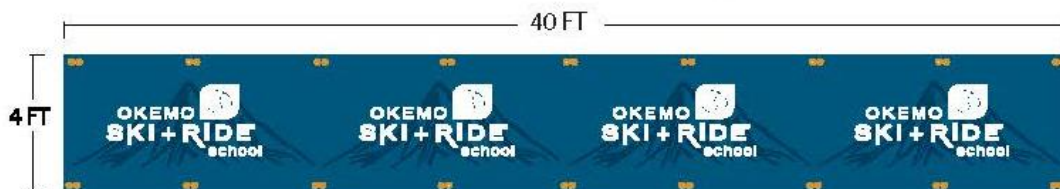

The Fence/Banner starts with white mesh, and we create about any design, color, logo or lettering on the fencing. It can be used as fencing or for signage.

- Mesh fabric enables wind to blow through the fence
 - Ink used on fence is UV rated and should last 3 to 5 years in outdoor use
 - Mesh is vinyl coated polyester
 - Fence had been used for years as tennis backstops, outdoor concerts stage / speaker covers and commercial building wraps
 - Single-sided printing = 30% blow through (this is the number of holes that allow wind to blow through the mesh fabric)
 - Back side is white
- The fence is made in sections that are easy to handle = 5, 10 or 50- or 150-foot sections
- 3' or 4' height is standard; any other dimensions possible as well
- 3/8" double grommets to attach fencing to your ski fence poles or an existing structure
- Edges reinforced with nylon webbing

Design 1
Double Grommets / Webbing

Design 2

SKI RESORT OUTDOOR FLAGS

In addition to apparel designs, Kinderlift offers Feather/Tear Drop Flags to be displayed at the ski resort. There is single-sided or double-sided printing available. The double-sided option has a liner between layers to eliminate visibility of the reverse side of the flag. The trim of the flag has two color choices: white or black.

There are two purchase options: flag only and flag plus an adjustable pole with spike.

Flags come in various sizes = please call for pricing and sizing options.

SAFETY

SKI RESORT FACE GAITERS/ HEADBANDS

Face Gaiter/
Headband

- Custom dye sub face gaiters or face masks and headbands; both are reversible – there are designs on both sides of the masks and headbands
- Face gaiters can have a stretchy strap at the top to keep the gaiter or face mask in place
- Available in adult and kid sizes

OPTION: If you need something more affordable – we can also get you the cheap China version. Many resorts get these to use as giveaways.

SAFETY

Helmet Cover

SKI RESORT HELMET COVERS

- Made from 4-way stretch spandex
- We start with white fabric and dye sub your design, logo, images on the fabric...and then we sew them up.
- Covers fit adult helmets and most kids' helmets

SAFETY

SKI RESORT GOGGLE MASKS

Goggle Mask

SKI RESORT SKI-T'S

Ski-T

NEW

Are you looking for a fun, cool, crazy shirt for the ski staff to wear in the shop or on the mountain?

Introducing the Ski-T from Kinderlift.

The majority of the Kinderlift kids' vests made for ski resorts around the world are custom designed, dye-sublimated vests. We have created some wild, fun, crazy designs for ski resorts. This past winter, we made some cool Hawaiian vests for Keystone and when they were delivered, the ski school director said: "These are great looking...I need one to wear."

We took their Kroozer Hawaiian shirt design, redesigned it into a V-neck T-Shirt, made one for the ski school director and called it a Ski-T. The initial thinking was to design the Ski-T's for ski school staff to wear at the resorts over the base layer fleece. The instructors would have a shirt to wear that matches the vests the little ones are wearing.

"When I saw the Ski-T and tried it on, I thought this looks cool and I'm going to make some for me to wear over my fleece when skiing and also I'll wear it in the Spring, Summer and Fall." The plan is to make Ski-T's for ski staff or anyone to wear, any time of the year.

Wear it skiing, boarding, biking, golfing, working out, rafting, camping, playing soccer, mowing the yard, fishing, going to a baseball game, playing tennis, pickleball, sitting on the porch with a glass of wine or beer....it's something bright and fun to wear.

- Made of poly mesh fabric to breathe (same fabric used in sport jerseys)
- V-neck
- Unisex sizing: XS, S, M, L, XL, XXL. **Adult only**

Note: These are just initial designs to provide an idea of the capabilities. Design away!

NEW

Kinderlift can create a banner for any event or special occasion whether it is a school function, family gathering or celebrating a special birthday, we can design and print it.

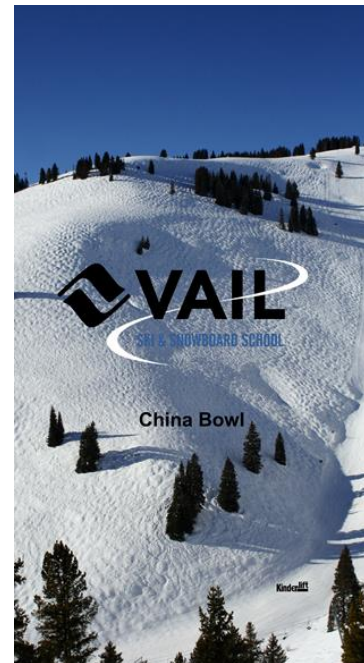

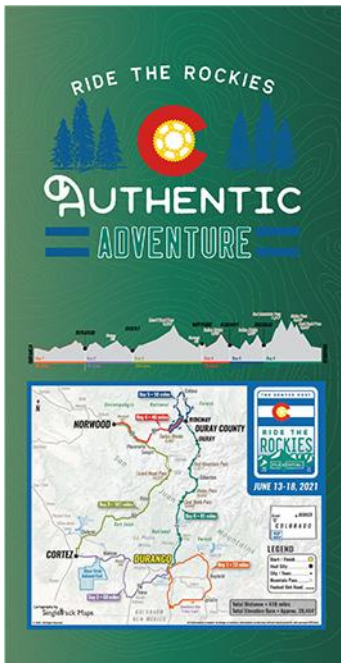

FUN BEACH/HOT TUB TOWELS

Beach/Hot Tub
Towel

The Beach/Hot Tub Towel is 30" x 60" long and can be dye sublimated with any design of choice on one side of the towel. The design side is made of poly while the reverse side consists of soft cotton terry fabric.

Need a fun item to sell or use as promo item.....these beach and hot tub towels could be your answer.

FUN SPORT/ GOLF TOWELS

Sport/Golf
Towel

The Golf towel is 17" x 26" and can be dye sublimated with any design of choice on one side of the towel. The design side is made of poly while the reverse side consists of soft cotton terry fabric.

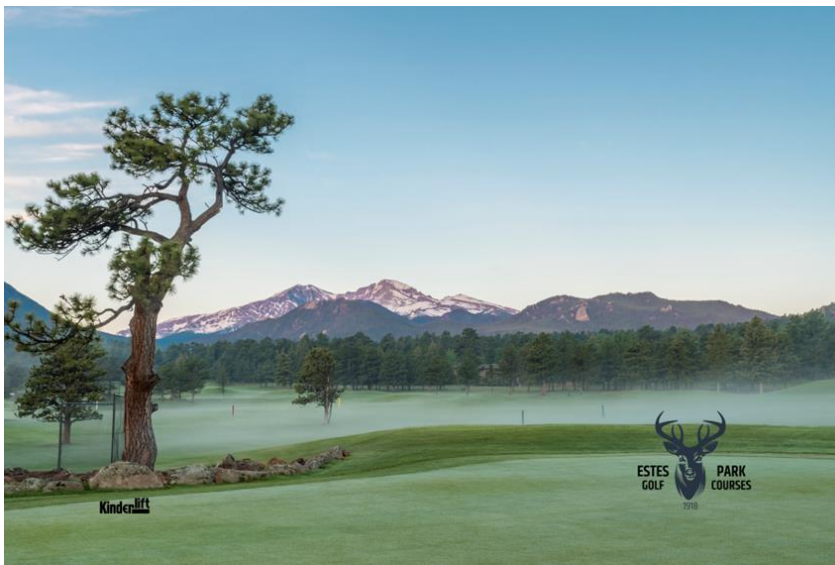

Need a fun item to sell or use as promo item.....these golf towels could be your answer.

FUN SPORT/ GOLF TOWELS

Sport/Golf
Towel

Examples:

Estes Park Golf

TPC Colorado

FUN KOOZI WRAPS

Koozi Wrap

Are you looking for something fun for promotional giveaways or to sell to customers?? The Kinderlift Kustom Koozi Wraps are a great way to get the message out there. The Koozi Wrap is made of Neoprene fabric with a Velcro to close around a can or bottle, displaying the message or design as well as keeping the beverage cool.

Koozi Wrap spec:

Sizes: 5" tall x 9" long

FUN MUSIC MASKS

Music Mask

The Pandemic result: create a face mask for musical instruments. The restrictions developed as a result of COVID brought about having a mask on a student's musical instrument. There are different sizes to fit all brass instruments. Custom dye sub spandex allows for some fun and creative design options. The mask is also reversible.

FUN PENNANTS

Need something fun to use as an award for kids in your ski school class? How about custom felt pennants....maybe you remember these when you were young and your folks took you to a Chicago Cubs game, or the state fair, or the beach and they bought you a pennant to hang on your bedroom wall.

- 12" x 30"
- Any design, logo, lettering you may want to put on them.

Examples:

HELP UKRAINE T-SHIRTS

Ski Ukraine Short Sleeve T-shirts.....\$25 per shirt

Did you know there are over 50 ski areas in Ukraine? Support Ukraine. Help the Ukrainians save their lives and their country. **\$10 from each sale goes to the Ukraine Red Cross.**

Check out **DoSomethingGear.com** to order a shirt.

Contact Randy Burklund, Owner & Head Mogul of Kinderlift, at 303.898.2242 or randy@kinderlift.com.

I started this t-shirt program because I had to do something!

Shirts available in grey or white

HELP YARD SIGNS

Do you need something to put in your yard to show support for Ukraine? A simple yard sign sleeve will convey it. It's a fabric sign or sleeve that slips over those old plastic garage sale, open house, political signs you probably have in the garage or basement. Most of those signs are around 24" x 18"...this fits.

Get a **Support Ukraine** sign and put it in the front yard.

For every sign sold, the profit goes to the Ukraine Red Cross = \$5 from each sign.

Check out **DoSomethingGear.com**

IF YOU CAN THINK IT, WE CAN MAKE IT....
